AGENDA ITEM 4:

UPDATE FROM THE LOTTERY’S EXECUTIVE DIRECTOR: Mr. Redburn gave a presentation regarding Legislative update. HB 1837 has passed the Oklahoma House of Representatives and Senate and has been signed into law by Governor Mary Fallin. The existing law requires 35% minimum profit, which comes off the top and reduces prize payout offered to players. The law change that was passed directs the first $50 million to the Educational Lottery Trust Fund to be appropriated by the Legislature under the current education formula, which is 45% to common education, 45% to higher education and career technology, 5% to the Teachers’ Retirement Fund, and 5% to the School Consolidation Fund. The bill then establishes the Legislature will appropriate funds that come in above the $50 million on a cash basis for Pre-K through third grade reading programs and for STEM programs. The bill sets an administrative expense cap of 3%. The current budget being presented is at 1.7%. The cap excludes marketing and advertising costs, prize funds, commissions paid to retailers, contract fees paid for gaming system vendors and instant ticket providers, and any emergency related capital expenditures. Mr. Finks, our PR firm, Saxum, and our lobbyists, were recognized for their efforts in getting the bill passed.

Mr. Redburn also outlined the Lottery and Scientific Games are currently working on a replacement for the back office and gaming system. User Acceptance Testing is progressing at this time and will continue for a time with a go live date of somewhere between July 30 and August 31, 2017. Ms. Ford and her team were recognized for their continued efforts on this project.

The Lottery requested an opinion from the Attorney General regarding accepting second chance drawing entries on a web application and accepting sweepstakes entries on a web application. The Attorney General answered no, neither is allowed. This answer was expected. The purpose of seeking the opinion was to have a definitive answer on what the law allowed to aid in finding Legislative support in getting the law changed to allow the Lottery to do these things.
AGENDA ITEM 5:

REPORT OF AUDIT AND FINANCE COMMITTEE: Mr. Blodgett met with the finance committee before the board meeting. Mr. Blodgett stated that due to low Powerball numbers we are below where we were projected to be. Mr. Redburn completed the report by saying we will end FY17 by providing the state $53 million. That is $3.84 million more than was appropriated which the Legislature will have as cash to be used when they return to Session in February. There could be a slight variance due to some final projects during the remainder of this fiscal year. Total projected transfers to the state through FY17 are $805 million. Through FY18, it is projected to be a total of $863 million given to the state since the inception of the Lottery.

Mr. Ostrowe outlined that the Lottery received Satisfactory on the latest BKD internal controls audit.

AGENDA ITEM 6:

SALES / REVENUE UPDATE: Mr. Finks gave a presentation regarding FY17 sales and the projected contribution to Education. The Lottery is projected to come in at $150 million, which is 20% lower than prior year. Current sales are down vs prior year mainly due to a world record Powerball jackpot in 2016 that has not been repeated in 2017. Instant ticket sales are as low as they have ever been because of player response to our low prize payouts, which are associated with the current minimum mandated 35% profit. The overall contribution to education is projected to not only meet the legislature’s appropriation, but also come in slightly ahead of early projections.

For FY18 our profit goal is $58 million. The Lottery commitment is $50 million, of which $47.5 million (95%) was appropriated by the 2017 Legislature for FY18.

The sales goal for FY18 is close to 200 million, nearly a 30% increase in sales.

Late in October of 2017, Mega Millions tickets will increase in cost to two dollars from one dollar. Hot Lotto will end around the same time and a replacement game, Lotto America, will start mid-November. The largest FY18 sales increase is expected in Instant Tickets, with a goal of 60% over FY17, of which 12% can be attributed to the elimination of free tickets as prizes.

AGENDA ITEM 7:
